

A screenshot of a Microsoft Word document titled "Chapter8 Thin Client Server Systems Development - Word". The document contains Khmer text and some English code snippets. The text discusses cursors in T-SQL and Java Programming, explaining how they are used to fetch records from a database. It also includes a syntax example for declaring a cursor and scroll type. The Word interface shows standard tools like File, Home, Insert, Design, Layout, References, Mailings, Review, View, and Help. The status bar at the bottom shows page 28 of 33, 4319 words, and the date/time as 8:39 AM 5/21/2021.
